2026 PORT TO PUB SWIM

The Port to Pub Swim was an awesome day out for the Capstone Construction team, taking on the stretch from Leighton Beach to Rottnest Island in near perfect conditions.

With calm water, clear skies, and a bit of friendly banter along the way, the team got stuck into the relay and powered to the finish line—keen to celebrate the effort with a few ice-cold rewards.

It was a massive effort all round and a top day with the Capstone crew.
